## FRAUD ALERT

### Fraudulent letters claiming to be from the DOT

There are apparently another round of letters going out to carriers, purporting to be from DOT. These letters ask for financial and banking information. **DOT has not and will not send letters to motor carriers asking for bank account information.**

There have been other instances of persons fraudulently claiming to be DOT or FMCSA employees. **All FMCSA staff are instructed to display their government credentials when contacting motor carriers.** If you believe that someone is misrepresenting their affiliation with DOT, please let them know.
